

SRS Success!

Construction Department Employees Set New Company Construction Safety Record at SRS

- SRS Construction Department workers recently completed 10 million safe hours without a lost-time injury resulting in days away from work.
- This first-ever safety achievement represents well over four consecutive years without a lost-time injury.
- “This is an outstanding safety achievement our construction employees have accomplished,” said Bob Pedde, President, Westinghouse Savannah River Company. “Setting this new record means these employees continue to challenge unsafe work conditions and at-risk behaviors, which helps prevent themselves and other workers from getting hurt.”
- Nearly 900 craft workers executed Construction’s latest safety feat.
